

HEALTHY MIND EDUCATION SERIES

KILGOUR
ELEMENTARY

TOPIC: GROWTH MINDSET

JANUARY 23, 2018

Presented by Marissa Rowley

**LOCATED IN
THE KILGOUR
LIBRARY FROM
6PM-7PM**

For over a decade, Marissa has been dedicated to educational equity, focusing on strong classroom culture, both internationally and stateside. Prior to joining Mayerson Academy, Marissa's experiences included serving as a middle school English language arts teacher and a foreign language teacher in Hangzhou, China, as well as coaching and mentoring over 1000+ beginning teachers - specifically on classroom culture through a growth mindset. Through these varied experiences, Marissa discovered her passion. Strong professional development and positive classroom cultures positively impact equity for all students. Currently, she is applying lessons learned from both classroom and coaching setting to her role as the Thriving Learning Communities Program Manager.

As a parent, Marissa has an opportunity to apply her professional knowledge and skills with her two young children in her own home. Using her first-hand experience as a teacher and parent, she brings a unique perspective to fellow parents on how to foster a growth mindset orientation with their children.
